

Protocol Samples

Download and view sample protocols (in PDF form).

You can review sample protocols in PDF format with Adobe's free Acrobat Reader by clicking on one of the links below:

- Infant/Child: Dehydration and Toxicity
- All Ages: Breastfeeding and Burns
- Adult and School Age: Emotional Problems
- Adult and School Age: Pregnancy Problems

To get an idea of the scope of protocol titles and information in these books, read the tables of content for the site and symptom-based titles and the information and treatment-based titles.

For best results, you need comprehensive training. Or would you rather build your own electronic protocols using TeleTriage Systems protocol content?
